### ACTION

- With immediate effect, we are making full efforts to eliminate daily in and out the movement of support staff except on those we have put strict strictures. Housekeeping staff are being told to stay on paid leave. Only our in-house housekeeping team is at the site to help ensure hygiene and safety

- Consequent to above the AVI team with limited Catering staff will do most of the work like packing meals etc themselves.
- Residents are strongly advised w.e.f from today at 6.00 pm not to move out from Prarambh Smart city for Senior Citizens. Should they need to go out they, may like to quarantine themselves externally.
- To keep the Bavla Senior citizen homes, totally sanitized and hygienically strong, no visitors/vendors/guests & workgroups from outside would be allowed to enter Prarambh.
- There would be NO housekeeping and only essential areas like community kitchen etc would be maintained for hygiene.
- Given constraint on tiffin size, disposable packaging and garbage generation, it is proposed to have a limited variety of food dishes served in all meals. Containers from residents such as tiffin could be brought for filling as earlier. The packing of the food will be done by AVI staff and the same shall be delivered very safely to the individual villas.
- Arrangements are being done for effective garbage removal and cleaning of dustbins thrice daily for utmost cleanliness.
- We humbly request cooperation from all,
- We are passing through a tough time, the team is working to look after you all. They are getting overstretched. They have all the support of HO
- Kindly do not feed leftover to the dogs. We have seen in the past two days that if do not feed them they do not come in.

**⚠ The strong advisory for anyone who has travelled now is to go in for 14 days of self-isolation where it is a case without symptoms. If not followed the action to be taken has been well spelled out.**

AVI strongly advises you to follow the above measures as much as you can and to significantly limit your face-to-face interaction with friends and family if possible

Wishing Best of your health
