To care for those who once cared for us, is the highest honour.

We understand that the elders need care, feel the warmth and company to roll over the years gone by. The need to share things always wanted to do

And watch the clock, wishing it could move at ones desire.

Above all when all your life having cared for your kith and kin and loved ones, you too now want to be cared for.

Each member of our young energetic team has been taught in the best classroom in the world—at the feet of an elderly person. Remember, You are not alone at *AVI Care Home*
